30+ Years of Attention to Detail & Great Service...

Custom Motors first opened its doors in 1975, and we've been providing top-notch vehicle maintenance and repair services to the men and women of Orange County ever since. We are proud to offer honest, reliable service you can trust. And we must be doing something right, because many of our customers have been having us service their vehicles for more than 30 years!

When you bring your vehicle in to Custom Motors, you'll be treated right, because we have your best interest at heart. Maybe that's why most of our business tends to come from repeat customers and referrals.

"It is not easy to find an HONEST mechanic. When it comes to my vehicle, my understanding is limited to putting gas into it and changing the oil. Therefore, trust is a huge factor when choosing a shop to work on my truck. I trust Barbara and the staff at Custom Motors implicitly! If she says it needs to be fixed, I know it needs to be fixed. Custom Motors stands behind their work! I would not take my vehicle anywhere else."

~Lesley Sattin, Car owner

We're ASE, ASC and ASA Certified!

Custom Motors proudly bears certifications from the auto repair industry's leading authorities. What does that mean to you? Simply, you can have complete confidence that your repair or service will be completed with attention to detail and excellence, because our mechanics are required to achieve and maintain ASE certification. This requires a proven understanding of today's most challenging auto service requirements, including engine and transmission, drivetrain, suspension, electrical systems, heating and cooling, brakes, performance tuning and exhaust systems.

Open for your CONVENIENCE:

Monday – Friday, 7:30 a.m. to 6:00 p.m.

Saturday By Appointment Only

Our customers are our first priority.

Custom Motors is ranked as one of Orange County's best full-service automotive maintenance and repair centers for its service and attention to detail. Family owned and operated, we give you and your vehicle a level of personalized service that would be hard to find elsewhere. In short, we treat your vehicle like we would treat our own! There's a reason for that. We actually CARE to do the job right ... and do it right the first time.
